REJECTION OVER A PENDING "REFERENCE" APPLICATION**

Docket Number (Optional)  
2815-0349PUS1

In re Application of: Dan PETERS et al.

Application No.: 10/568,148-Conf. #7783

Filed: June 9, 2006

For: NOVEL QUINUCLIDINE DERIVATIVES AND THEIR PHARMACEUTICAL USE

The owner\*, NeuroSearch A/S, of 100  
percent interest in the instant application hereby disclaims, except as provided below, the terminal part of the statutory term of  
any patent granted on the instant application which would extend beyond the expiration date of the full statutory term of any  
patent granted on pending reference Application Number 10/772,192, filed on February 4, 2004,  
as such term is defined in 35 U.S.C. 154 and 173, and as the term of any patent granted on said reference application may  
be shortened by any terminal disclaimer filed prior to the grant of any patent on the pending reference application. The owner  
waives the right to separately enforce any patent granted on the instant application and the patent or any patent granted on  
the application which formed the basis for the double patenting, and any patent granted on the instant application shall be  
enforceable only for and during such period that said patent and the patent, or any patent granted on the application, which  
formed the basis for the double patenting are not separately enforced. This agreement runs with any patent granted on the  
instant application and is binding upon the grantee, its successors or assigns.

In making the above disclaimer, the owner does not disclaim the terminal part of any patent granted on the instant application that  
would extend to the expiration date of the full statutory term as defined in 35 U.S.C. 154 and 173 of any patent granted on said  
reference application, "as the term of any patent granted on said reference application may be shortened by any terminal  
disclaimer filed prior to the grant of any patent on the pending reference application," in the event that any such patent: granted  
on the pending reference application: expires for failure to pay a maintenance fee, is held unenforceable, is found invalid by a  
court of competent jurisdiction, is statutorily disclaimed in whole or terminally disclaimed under 37 CFR 1.321, has all claims  
canceled by a reexamination certificate, is reissued, or is in any manner terminated prior to the expiration of its full statutory term  
as shortened by any terminal disclaimer filed prior to its grant.
